Dubrovnik Sun Gardens is one of the very few resorts along the sought-after Dalmatian Coast and wider Croatia to offer five-star hotel facilities and the opportunity for freehold ownership in the 207 fully-appointed residences. The leading resort, which also boasts three pools, a selection of gourmet restaurants and an idyllic beach, has just announced the sell-out of its first phase of residences. All 25 garden and sea-view one- and two-bed residences at the coastal development, just 11km from the UNESCO protected old town of Dubrovnik, have now been sold to a variety of buyers from 13 different countries. All properties are available for purchase on a freehold basis. A one-bedroom residence at Dubrovnik Sun Gardens starts from €184,000 with two-bedroom sea-view residences from €338,000.
