WHERE

THE VIBE

Relaxation is foremost. A partnership with First Luggage means your bags can be transported ahead so they're waiting in your suite for you along with the chilled champagne. A personal honeymoon concierge service can set up treats and activities for a truly memorable trip.

WHAT'S TO LIKE

Romantic excursions like a scooter trip along the stunning Adriatic coast followed by a vineyard tour and wine tasting are a breeze with the help of the honeymoon concierge. Or perhaps you'll kick back with a champagne picnic aboard a gullet sailing around the Elafiti archipelago. Ancient, walled Dubrovnik is a perfect city for romantic strolling, especially in the quieter months of spring and autumn.

Sun Gardens, which is operated by Radisson Blu, boasts three freshwater pools plus a private beach. Rooms have a fresh contemporary style – choose a suite for indulgences like a Nespresso coffee maker, terrace and marble bathroom with a view.

Start those lazy honeymoon days with a rooftop breakfast, luxuriate over a couple's massage in the award-winning OCCO spa, which uses all-natural ingredients, then round off with a cocktail in the Maraska lounge bar. A clutch of speciality restaurants on site means that, come the evening, your only decision will be fresh seafood, a wood-fired pizza, a steak or Asian food created before your eyes.

Book the 'Hassle-free Honeymoon' package for romantic extras including a spa treatment, decorated room and a tour in a private a car with driver.
