Dubrovnik Sun Gardens celebrates its best guest season

DUBROVNIK SUN Gardens has announced the completion of its most successful tourist season to date, with a 15% increase in overnight stays from

Hotel entrance

2010 and a 95% occupancy rate this past summer season. The property reports that it has shown the highest annual growth in the five-star hotel segment in Dubrovnik, which on average saw a 4% increase in overnight stays.

Commercial director for iO Adria Limited (Dubrovnik Sun Gardens' owning group), Julian Houchin, said: "We are extremely pleased with the incredible progress that Dubrovnik Sun Gardens has made to date. As one of the very few resorts in Croatia which offers both hotel facilities combined with an opportunity for residence ownership, we have a unique position in the market. With a 95% occupancy rate this summer and a 45% growth in bookings from business and corporate sectors this shoulder season, I have no doubt that we will see the resort continue to succeed."

The resort is located on Croatia's Dalmatian Coast, just outside the UNESCO city of Old Town Dubrovnik and features a spa, 13 bars and restaurants, three pools and a sports club.
